What is the Fresh Fruit Vegetable Program?

The Fresh Fruit and Vegetable Program (FFVP) is a federally assisted program providing free fresh fruits and vegetables to children at eligible elementary schools during the school day. The goal of the FFVP is to introduce children to fresh fruits and vegetables, to include new and different varieties, and to increase overall acceptance and consumption of fresh, unprocessed produce among children. The FFVP also encourages healthier school environments by promoting nutrition education. This year our Notus Students K-6 have been able to try Berries, Blood Oranges, Tangerines, Dragon Fruit, Kiwi, Asian Pears, a variety of local Apples and their favorites: Bananas, Strawberries and Grapes.

Because of the availability of some food items the menu may change without notice.
